

# Bounce Back Program

Securing bookings and revenues is more **crucial** than ever but trying out something new might be scary. That's why we decided to launch the **HomeToGo Bounce Back Program for US-based properties**. By giving you **free** access to a new booking channel and increasing **visibility** for your listings, we hope to **help you rebound** from this crisis stronger than ever.

Immediate payout, direct guest communication and fast integration – that's how HomeToGo helps property managers maximize bookings and diversify their revenue streams.
