

Jumpstart 2021

Securing bookings and revenues is more **crucial** than ever but trying out something new might be scary. That's why we've launched the **Jumpstart 2021 initiative for new partners with US-based properties**. By giving you **free** access to a new booking channel and increasing **visibility** for your listings, we hope to **help you get off to a strong start** in the next year and beyond.

Fast payout, direct guest communication and fast integration – that's how HomeToGo helps property managers maximize bookings and diversify their revenue streams.
